02-A APPLICATION OF RATES AND CHARGES

Effective: 4 May 2026 Thru: Expire:

RULE TEXT

-
1. Rates published in NRAs or this Tariff are stated in terms of U.S. Currency and apply per *1 Cubic Meter (M) or 1000 Kilos (W)*, as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an

article or commodity, measurement rates are applicable without regard to weight.

All freight rates and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided.

Rates indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged. (See Rule 002-H also).

2. Except as otherwise provided, all "Port" (i.e., Portto-Port) rates published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper, or Consignee of the Cargo. Exception: Rates from the United States to foreign countries do not include Destination Delivery Charges as assessed by the VOCC or the port/terminal which shall be for the account of the consignee.

The "Point" rates named in NRAs or this Tariff are applicable from Inland Points which lie beyond port terminal areas. Such rates may be shown as single factor through rates.

Such rates shall be inclusive of all charges pertinent to the transportation of cargo (including intermediate but not Origin or Destination Terminal Charges) but not including Customs clearance assessments or Forwarding Charges, except as provided.

Alternatively, at shipper's request, carrier will arrange for inland transportation as shipper's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Carrier deems necessary for safe and efficient movement of said cargo. (See item 16, re: Advanced Charges.)

Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Carrier.

3. Packages containing articles of more than one description shall be rated on the basis of the rate

provided for the highest rated articles contained therein.

4. Rates as published herein do not include Marine Insurance or Consular fees.
5. Description of commodities shall be uniform on all copies of the Bill of Lading and in the case of exports, MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs.
Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.
6. Unless otherwise specified, when the rates in this Tariff or NRAs are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.
7. The rates shown in NRAs or this Tariff except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.
8. Except as otherwise provided, rates published in NRAs or this Tariff apply only to the specific commodity named and cannot be applied to analogous articles. Unless a commodity is specifically provided for, the applicable Cargo, N.O.S. rate shall be applied.
9. Wherever rates are provided for articles named herein, the same rate will also be applicable on parts of such articles where so described in the ocean bill of lading, except where specific rates are provided for such parts.
10. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above

conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations." Further, any additional charges promulgated by ocean carriers or other 3rd parties as a result of such named or similar cause, will be passed along for the account of the cargo, at cost, as such unforeseen charges may arise.

11. When a commodity can properly be carried under more than one tariff or NRA item, but which by its nature is clearly influenced by its end use, the freight shall be assessed based on the rate of the end use commodity, for example:

Rubber Gloves, Cotton Gloves, etc. would all be rated under "Gloves, N.O.S." rather than Rubber Goods, Textiles, etc.

The above does not apply in cases where there is a specific tariff or NRA rate for the commodity in question, for example: If the tariff or NRA contains a rate for Rubber Gloves, then this rate will apply - and NOT the Gloves, N.O.S. rate.

12. When two or more rates may be applicable to a given shipment and one rate is more specific than the others, the most specific rate shall apply.

One rate is more specific than another when it describes the commodity being shipped more explicitly, i.e.: Canned Pineapple is more specific than Canned Fruit or Canned Goods, N.O.S.

A rate from/to a specific destination is more specific than a rate to/from a geographic range or zone,

Examples:

A rate from New York, NY is more specific than a rate from Atlantic and Gulf Base Ports (AGBP). A rate to Yokohama, Japan is more specific than a rate to Japan Base Ports (JBP).

13. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo.

Any Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.

14. TYPES OF SERVICE PROVIDED

RULE# CYC# APP TITLE

 002-H MEASUREMENT AND WEIGHT
 Effective: 4 May 2026 Thru: Expire:

 RULE TEXT

 NRA or Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic meter respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in CENTIMETRES and weight in KILOGRAMS.

2. Rounding off- Dimensions

Where parts of centimeter occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. and over are to be rounded off to the centimeter above.

3. Calculating Cubic Measurements

The three dimensions in centimeters (rounded off in accordance with (2)) are to be multiplied together to

produce the cube of one package or piece in cubic meters to six decimals.

In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.

In the case of multiple packages of like dimensions, the cube on one package to six decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.

4. VERIFIED GROSS MASS REQUIREMENT

Except where Marine Terminal Operators in USA are weighing containers upon arrival at their terminals, effective from 1st July 2016, with the SOLAS (Safety of Life at Sea) amendment covering container weighing regulations, a packed container will no longer be allowed to be loaded on board vessels unless its Verified Gross Mass (VGM) has been provided by the shipper to the ocean carriers, and/or port terminal representatives prior to load list cut-off date.

The shipper is obliged to verify the gross mass of the containers carrying their cargo by either of two permissible weighing methods before these containers can be loaded on a vessel.

Method 1 - Requires weighing the container after it has been packed.

Method 2 - Requires weighing all the cargo and contents of the container and adding those weights to the container's tare weight as indicated on the door end of the container. (Method 2 will not be practical for shippers of bulk commodities like scrap, grain, etc.)

5. MISDESCRIPTION, UNDERWEIGHTS AND UNDERMEASUREMENT

A. The carrier at loading port will assess freight on the shipments based on the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing. Carrier may arrange at the port/point of destination for the verification of the description, measurement, or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.

B. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification

to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or remeasuring. If such outturn reweighing, remeasuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, remeasuring and/or resurveying shall be for the account of the cargo.

RULE TEXT

Shipper/Consignee for CY origin shipments shall be jointly severally and absolutely liable for any fine, penalty or other sanction imposed upon carrier, its agent motor/rail carrier by authority for exceeding lawful over-the-weight limitations in connection with any transportation services provided under NRA or this tariff and occasioned by any act of commission or omission of the shipper/consignee, its agent or contractors, and without regard to intent, negligence or any other factor. When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. Any charges incurred in re-handling cargo to comply with maximum weight restrictions will be for account of cargo.

The party responsible (i.e., the shipper or the consignee) for the shipment exceeding any lawful weight limitation shall indemnify and hold the ocean carrier transporting the shipment, its agents and the motor/rail carrier(s), harmless from any and all damages or liability from claims however brought arising in whole or in part from the shipment exceeding any lawful weight limitation. Such indemnification shall include attorneys' fees and all costs incurred in the defense of such claim(s).

- 2) Any discrepancy in count or concealed damage to articles.

Except as otherwise provided, shipments destined to more than one port of discharge may not be loaded by shipper into the same container.

Except as otherwise provided, materials, including special fittings, and labor required for securing and properly stowing cargo in containers moving in CY service, including but not limited to lashing, bulkheads, cross members, platforms, dunnage and the like must be supplied by shippers at their expense and the carrier shall not be responsible for such materials nor their return after use. The carrier shall not be liable in any event for any claim for loss or damage to the cargo arising out of improper or inadequate mixing, stuffing, tallying, blocking, or bracing of cargo within the container.

002-K DIVERSION OF CARGO (BY SHIPPER OR CONSIGNEE)
Effective: 4 May 2026 Thru: Expire:

--- RULE
TEXT

A request for diversion of a shipment will be considered as an amendment to the contract of carriage and will be subject to the following definitions, conditions, and charges:

A. Definition of Diversion:

A change in the original billed destination (which may also include a change in Consignee, order party, or both). A change in Consignee, order party or both will not be considered as diversion of cargo.

B. Conditions:

1. Requests must be received in writing by the carrier at least 72 hours prior to the arrival of the vessel at Discharge Port. Carrier will make diligent effort to execute the request but will not be responsible if such service is operationally impractical or cannot be provided.
2. Cargo moving under a non-negotiable Bill of Lading may be diverted at the request of shipper or consignee. Cargo moving under a negotiable Bill of Lading may be diverted by any party surrendering the properly endorsed original Bill of Lading.

Cargo moving under a negotiable Bill of Lading may also be diverted by the shipper or consignee at the carrier's sole discretion without receipt by the carrier of the original negotiable Bill of Lading so long as a new negotiable Bill of Lading is not requested or issued by the carrier. The earlier negotiable Bill of Lading must be surrendered to the carrier prior to issuance of the new negotiable Bill of Lading.

3. This rule will apply to full Bill of Lading quantities or full container loads only.
4. A shipment may only be diverted once.

Shipper may request cancellation of the original diversion request, resulting in delivery of the cargo to the original billed destination, provided that such request is received prior to arrival of vessel at Discharge Port, and provided that all diversion charges as set out in C. below, applicable to the original diversion request, are paid in full prior to the cancellation request being accepted by the carrier. In no instance will any refund of the diversion charges be made in the event of a cancellation. Any additional expenses incurred by the carrier will be for the account of the cargo.

5. Diverted shipment will be assessed the rate(s) and/or charges from origin to destination to where diverted in accordance with NRAs or tariffs on file with the FMC.

6. Diversion charges and/or administrative charge are payable by the party requesting the diversion.

C. Charges:

1. A diversion charge of US\$20.00 per revenue ton on the entire shipment plus the actual additional costs incurred by the carrier to affect the diversion, subject to a minimum charge of US \$500.00 per Bill of Lading.

For cargo rated on a per container basis, or for cargo rated on a per revenue ton basis moving under FCL shipment, the charge will be a minimum of US \$500.00 per Bill of Lading, subject to a maximum charge of US\$750.00 per container. Where diversion results in additional expenses to the carrier, such additional charges will be for account of the cargo.

2. Diverted shipment will be assessed the rate(s) and/or charges from origin to destination to where diverted in accordance with NRAs or tariffs on file with the FMC.

TEXT

A. CREDIT TERMS

The carrier may extend credit for a fixed period, generally not to exceed fifteen (15) calendar days, including Saturdays, Sundays, and legal holidays after the date of sailing from the respective port of loading by the carrying vessel if, at the time of release of the prepaid Bills of Lading to the shipper or his authorized representative, provided carrier has on file a credit agreement signed by the shipper. However, the period of credit which may be extended pursuant to this rule, shall not restrict regular procedures of payment on shipments made by any government or agency thereof on which such government or agency is the shipper.

Credit Hold: Those accounts showing a past due balance will be given ten business days to resolve any issues affecting the past due invoices. On the eleventh day the account may be placed on credit hold. We reserve the right to rescind this credit agreement if any past due balance is not resolved within 30 days, or with immediate effect when regular cargo bookings have ceased at origin.

The privilege of credit shall not be restored until all freight monies and charges, due and owing the carrier by the shipper for a period longer than agreed upon credit period, shall have been paid. (See following Shipper's Credit Agreement).

2. We will be absolutely and unconditionally responsible to the carrier for payment of all freight and charges due within the period specified in applicable carrier's

3. Credit privileges hereunder will be suspended for any failure to comply with the provisions of this Agreement.
4. This Agreement shall become effective on the date of its receipt and execution by carrier or its agents and shall continue in effect unless terminated sooner by written notice from any party to the others; provided, however, that termination or expiration shall not extinguish any existing liabilities hereunder.

For these purposes, Carrier shall be deemed to be acting as agent or trustee for such servants, agents, Subcontractors, or other persons who shall be deemed to be parties to this contract.

- 5.4 Carrier, in addition to all other liberties provided for in this Article, shall have liberty to comply with orders, directions, regulations or suggestions as to navigation or the Carriage**

or handling of the goods or the ship howsoever given, by any actual or purported government or public authority, or by any committee or person having, under the terms of any insurance on the Ship, the right to give such order, direction, regulation, or suggestion. If by reason of and/or in compliance with any such order, direction, regulation, or suggestions, anything is done or is not done the same shall be deemed to be included within the contract of Carriage and shall not be a deviation.

(6) BASIC LIABILITY:

- 6.1 Carrier shall be liable for loss of or damage to the goods occurring between the time when it takes goods into its custody and the time of delivery but shall not be liable for any consequential or special damages arising from such loss or damage. In no event shall Carrier be responsible for loss or damage to the Goods occurring before Carrier's receipt of goods or after the delivery of the goods to Merchant or its designee.**
- 6.2 If it is established that the loss of or damage to the goods occurred during sea Carriage or during Carriage by land in the United States, liability shall be governed by the legal rules applicable as provided in Section 1 of this Bill of Lading.**
- 6.3 Notwithstanding Section 1 of this Bill of Lading, if the loss or damage occurred outside of the United States not during sea Carriage and it can be proved where the loss or damage occurred, the liability of Carrier in respect of such loss or damage shall be determined by the provisions contained in any international convention or national law, which provisions: cannot be departed from by private contract to the detriment of Merchant, and would have applied if Merchant had made a separate and direct contract with Carrier in respect of the particular stage of transport where the loss or damage occurred and received as evidence thereof any particular document which must be issued in order to make such international convention or national law applicable.**
- 6.4 If it cannot be determined when the loss of or damage to the goods occurred, liability shall be governed as provided in Section 6.2 above.**

6.5 Carrier does not undertake that the goods shall be delivered at any particular time or for any particular market and shall not be liable for any direct or indirect losses caused by any delay.

6.6 Carrier shall not be liable for any loss or damage arising from:

- (a) an act or omission of Merchant or person other than Carrier acting on behalf of Merchant from whom Carrier took the goods in charge,**
- (b) compliance with the instructions of any person authorized to give them,**
- (c) handling, loading, stowage or unloading of the goods by or on behalf of Merchant,**
- (d) inherent vice of the goods or concealed damage to or shortage of goods packed by Merchant,**
- (e) lack or insufficiency of or defective condition of packing in the case of goods, which by their nature are liable to wastage or damage when not packed or when not properly packed,**
- (f) insufficiency or inadequacy of marks or numbers on the goods, coverings or unit loads,**
- (g) fire, unless caused by actual fault or privity of Carrier, any cause or event which Carrier could not avoid and the consequences of which he could not prevent by the exercise of due diligence.**

6.7 When Carrier pays claims to Merchant, Carrier shall automatically be subrogated to all rights of Merchant against all others, including Inland Carriers, on account of the losses or damages for which such claims are paid.

6.8 The defenses and limits of liability provided for in this Bill of Lading shall apply in any action or claim against Carrier relating to the goods, or the receipt, transportation, storage or delivery thereof, whether the action be founded in contract, tort or otherwise.

6.9 Nothing in this Bill of Lading shall operate to limit or deprive the Carrier of any statutory protection or exemption or limitation of liability authorized by any applicable laws, statutes or regulations of any country.

6.10 Merchant has duty to defend and indemnify Carrier against any and all claims by a third party or assignee of Merchant which imposes or attempts to impose upon Carrier any liability in connection with the Goods other than or in excess from that as provided herein, whether

or not arising from negligence of Carrier, its Subcontractors, servants or agents.

(7) COMPENSATION FOR LOSS AND DAMAGE:

- 7.1 Unless Merchant declares a higher value as provided at Clause 7.6, Carrier' s liability is limited as follows: (a) for loss or damage occurring during any portion of the Carriage governed by COGSA by force of law, Carrier' s liability is limited to a maximum of \$500 per package of the portions of Goods adversely affected, or for Goods not shipped in packages, per customary freight unit; (b) for loss or damage occurring during any portion where COGSA is otherwise incorporated herein but is not applicable by force of law, to include periods of domestic water carriage and inland (surface) transportation, Carrier' s liability is limited to a maximum of the lesser of \$500 per Package or \$0.50 per pound of the portion of Goods adversely affected; (c) for error or omissions arising from non-carrier service ancillary to the Carriage, Carrier' s liability is limited to its independent negligence and to \$50 per shipment; (d) in the event of loss or damage subject to mandatory applicable law which invalidates Carrier' s otherwise applicable maximum contractual liability hereunder, Carrier' s liability is limited to the lowest amount permissible by and in accordance with such applicable law. However, Carrier shall not, in any case, be liable for an amount greater than the actual loss to the person entitled to make the claim. Carrier shall have the option of replacing lost goods or repairing damaged goods.**
- 7.2 In any case where Carrier's liability for compensation may exceed the amounts set forth in Section 7.1 above, compensation shall be calculated by reference to the value of the goods, according to their current market price, at the time and place they are delivered, or should have been delivered, in accordance with this contract.**
- 7.3 If the value of the goods is less than US \$500 per package or per customary freight unit, their value for compensation purposes shall be deemed to be the invoice value, plus freight and insurance, if paid.**

- 7.4 Carrier shall not be liable to any extent for any loss of or damage to or in connection with precious metals, stones, or chemicals, jewelry, currency, negotiable instruments, securities, writings, documents, works of art, curios, heirlooms, or any other valuable goods, including goods having particular value only for Merchant, unless the true nature and value of the goods have been declared in writing by Merchant before receipt of the goods by the Carrier or Inland Carrier, the same is inserted on the face of this Bill of Lading and additional freight has been paid as required.**
- 7.5 Carrier will not arrange for insurance on the goods except upon express instructions from the Consignor and then only at Consignor's expense and presentation of a declaration of value for insurance purposes prior to shipment.**
- 7.6 Merchant may avoid the liability limitations hereunder, or any other liability limitation imposed by applicable law, by unequivocally declaring the value of the Goods for liability purposes to Carrier in writing prior to Carriage and paying**

Carrier an ad valorem freight rate. Such Declared Value will only be binding upon Carrier if agreed to in writing by an authorized representative of Carrier and upon payment of the ad valorem freight rate. Carrier's knowledge of the value of Goods and/or Merchant's declarations of the value of the Goods to Carrier in regular course or for any other purpose, such as for Customs purposes, does not constitute a Declared Value of the Goods to Carrier for liability purposes.

(8) DESCRIPTION OF GOODS AND INFORMATION FOR U.S.

CUSTOMS:

- 8.1 Carrier is responsible for transmitting information to U.S. Customs and Border Protection prior to lading of the Goods including, without limitation, precise commodity descriptions, numbers and quantities of the lowest external packaging unit, the shipper's complete name and address, the consignee's or the owner's or owner's representative's complete name and address, hazardous materials codes, and container seal numbers. For this, and other purposes, Carrier relies on information provided by Merchant in a timely fashion. Merchant warrants to Carrier that all particulars of the goods, including, without**

limitation, the precise descriptions, marks, number, quantity, weight, seal numbers, identities of shipper and consignee and hazardous materials codes furnished by Merchant are correct and Merchant shall indemnify Carrier against all claims, penalties, losses or damages arising from any inaccuracy.

- 8.2 Merchant has the exclusive obligation to ensure, and hereby warrants, that the Goods and the Merchants, as defined above, are compliant with all relevant law and authorities, and are legally eligible for Carriage in all respects under all relevant governing laws and regulations. Merchant must further inform Carrier of any applicable licensing, reporting, or other regulatory requirement under all relevant laws and regulations prior to Carriage of the Goods.

(9) CARRIER'S CONTAINERS:

If goods are not received by Carrier already in containers, Carrier may pack them in any type container. Merchant shall be liable to Carrier for damage to Carrier's containers or equipment if such damage occurs while such equipment is in control of Merchant or his agents. Merchant indemnifies Carrier for any damage or injury to persons or property caused by Carrier's containers or equipment during handling by or when in possession or control of Merchant.

(10) CONTAINER PACKED BY MERCHANT:

If Carrier receives the goods already packed into containers:

This Bill of Lading is prima facie evidence of the receipt of the particular number of containers set forth, and that number only. Carrier accepts no responsibility with respect to the order and condition of the contents of the containers;

- 10.1 Merchant warrants that the stowage and seals of the containers are safe and proper and suitable for handling and Carriage and indemnifies Carrier for any injury, loss or damage caused by breach of this warranty;
- 10.2 Delivery shall be deemed as full and complete performance when the containers are delivered by Carrier with the seals intact; and
- 10.3 Carrier has the right but not the obligation to open and inspect the containers at any time without notice to Merchant, and expenses resulting from such inspections shall be borne by Merchant; and

10.4 Merchant shall inspect containers before stuffing them and the use of the containers shall be prima facie evidence of their being sound and suitable for use.

(11) DANGEROUS GOODS:

11.1 Merchant may not tender goods of a dangerous nature without written application to Carrier and Carrier's acceptance of the same. In the application, Merchant must identify the nature of the goods with reasonable specificity as well as the names and addresses of the shippers and consignees.

11.2 Merchant shall distinctly and permanently mark the nature of the goods on the outside of the package and container in a form and manner as required by law and shall submit to Carrier or to the appropriate authorities all necessary documents required by law or by Carrier for the transportation of such goods. 11.3 If the goods subsequently, in the judgment of Carrier, become a danger to Carrier, the Ship, or other cargo, Carrier may dispose of the goods without compensation to Merchant and Merchant shall indemnify Carrier for any loss or expenses arising from such action.

(12) DECK CARGO:

Carrier has the right to carry the goods in any container under deck or on deck. Carrier is not required to note "on deck stowage" on the face of this Bill of Lading and goods so carried shall constitute under deck stowage for all purposes including General Average. Except as otherwise provided by any law applicable to this contract, if this Bill of Lading states that the cargo is stowed on deck, then Carrier shall not be liable for any non-delivery, misdelivery, delay or loss to goods carried on deck, whether or not caused by Carrier's negligence or the ship's unseaworthiness.

(13) SOLAS WEIGHT CERTIFICATION:

Merchant acknowledges that it is required to provide verified weights obtained on calibrated, certified equipment of all cargo that is to be tendered to steamship lines. Shipper agrees that Carrier is entitled to rely on the accuracy of such weights and to counter-sign or endorse it as Carrier's own certified weight to the steamship line carrying the cargo. The Merchant agrees that it shall indemnify and hold the Carrier harmless from any and all claims, losses, penalties or other costs resulting from any incorrect or questionable verification of the weight

provided by Merchant or its agent or contractor on which the Carrier relies.

(14) HEAVY LIFT:

- 14.1 Single packages with a weight exceeding 2,240 pounds gross not presented to Carrier in enclosed containers must be declared in writing by Merchant before receipt of the packages by Carrier. The weight of such packages must be clearly and durably marked on the outside of the package in letters and figures not less than two inches high.**
- 14.2 If Merchant fails to comply with the above provisions, Carrier shall not be liable for any loss of or damage to the goods, persons or property, and Merchant shall be liable for any loss of or damage to persons or property resulting from such failure and Merchant shall indemnify Carrier against any loss or liability suffered or incurred by Carrier as a result of such failure.**
- 14.3 Merchant agrees to comply with all laws or regulations concerning overweight containers and Merchant shall indemnify Carrier against any loss or liability suffered or incurred by Carrier as a result of Merchant's failure to comply with such laws or regulations.**

(15) DELIVERY:

Carrier shall have the right to deliver the goods at any time at any place designated by Carrier within the commercial or geographic limits of the Port of Discharge or Place of Delivery shown in this Bill of Lading. Carrier's responsibility shall cease when delivery has been made to Merchant, any person authorized by Merchant to receive the goods, or in any manner or to any other person in accordance with the custom and usage of the Port of Discharge or Place of Delivery. If goods should remain in Carrier's custody after discharge from the ship and possession is not taken by Merchant, after notice, within the time allowed in Carrier's applicable tariff, the goods may be considered to have been delivered to Merchant or abandoned at Carrier's option, and may be disposed of or stored at Merchant's expense.

(16) NOTICE OF CLAIM:

Written notice of claims for loss of or damage to goods occurring or presumed to have occurred while in the custody of Carrier must be given to Carrier at the Port of Discharge before or at the time of removal of the goods by one entitled to delivery.

If such notice is not provided, removal shall be prima facie evidence of delivery by Carrier. If such loss or damage is not apparent, Carrier must be given written notice within 3 days of the delivery.

(17) FREIGHT AND CHARGES:

- 17.1 Freight may be calculated on the basis of the particulars of the goods furnished by Merchant, who shall be deemed to have guaranteed to Carrier the accuracy of the contents, weight, measure, or value as furnished by him at the time of receipt of the goods by the Carrier or Inland Carrier, but Carrier for the purpose of ascertaining the actual particulars may at any time and at the risk and expense of Merchant open the container or package and examine contents, weight, measure, and value of the goods. In case of incorrect declaration of the contents, weight, measure and or value of the goods, Merchant shall be liable for and bound to pay to Carrier: (a) the balance of freight between the freight charged and that which would have been due had the correct details been given, plus (b) expenses incurred in determining the correct details, plus (c) as liquidated and ascertained damages, an additional sum equal to the correct freight. Quotations as to fees, rates of duty, freight charges, insurance premiums or other charges given by Carrier to Merchant are for informational purposes only and are subject to change without notice and shall not under any circumstances be binding upon Carrier unless Carrier in writing specifically undertakes the handling of transportation of the shipment at a specific rate and that rate is filed in Carrier' s tariff.**
- 17.2 Freight shall be deemed earned on receipt of goods by Carrier, the goods lost or not lost, whether the freight is intended to be prepaid or collected at destination. Payment shall be in full and in cash without any offset, counterclaim, or deduction, in the currency named in this Bill of Lading, or another currency at Carrier's option. Interest at 1% per month shall run from the date when freight and charges are due. Payment of freight charges to a freight forwarder, broker or anyone other than directly to Carrier shall not be deemed payment to the Carrier. Merchant shall remain liable for all charges hereunder notwithstanding any extension of**

credit to the freight forwarder or broker by Carrier. Full freight shall be paid on damaged or unsound goods.

17.3 Merchant shall be liable for all dues, fees, duties, fines, taxes and charges, including consular fees, levied on the goods. Merchant shall be liable for return freight and charges on the goods if they are refused export or import by any government. Merchant shall be liable for all demurrage, detention or other charges imposed on the goods or their containers by third parties.

17.4 The Shipper, consignee, holder hereof, and owner of the goods, and their principals, shall be jointly and severally liable to Carrier for the payment of all freight and charges, including advances and shall, in any referral for collection or action for monies due to Carrier, upon recovery by Carrier, pay the expenses of collection and litigation, including reasonable attorneys' fees. This provision shall apply regardless of whether the front of this bill of lading has been marked

"prepaid" or "freight prepaid" so long as freight and charges remain unpaid.

17.5 The Shipper, consignee, holder hereof, and owner of the goods, and their principals, shall jointly and severally indemnify Carrier for all claims, fines, penalties, damages, costs and other amounts which may be incurred or imposed upon Carrier by reason of any breach of any of the provisions of this Bill of Lading or of any statutory or regulatory requirements.

(18) LIEN:

Carrier shall have a lien on any and all property (and documents relating thereto) of Merchant in its actual or constructive possession, custody or control or en route, which lien shall survive delivery, for all claims for charges, expenses or advances incurred by Carrier in connection with this shipment, or any previous shipment, of Merchant, or both, which lien shall survive delivery, and if such claim remains unsatisfied for 30 days after demand for its payment is made, Carrier may sell at public auction or private sale, upon 10 days written notice via registered mail to Merchant, the goods, wares and/or merchandise or so much as may be necessary to satisfy such lien and the costs of recovery, and apply the net proceeds of such sale to the payment of

the amount due Carrier. Any surplus from such sale shall be transmitted to Merchant, and Merchant shall be liable for any deficiency in the sale.

For the avoidance of doubt, the lien on the Goods survives delivery of the Goods.

(19) TIME BAR:

Carrier shall be discharged from all liability for loss of or damage to goods unless suit is brought within one (1) year after delivery of the goods or the date when the goods should have been delivered. Suit shall not be deemed brought against Carrier until jurisdiction shall have been obtained over Carrier by service of summons. The time bar for overcharge claims shall be twenty-four [24] months.

(20) JURISDICTION:

The courts of United States shall have exclusive jurisdiction over any dispute arising from the Carriage evidenced by this Bill of Lading. Merchant and Carrier each hereby agree to the personal jurisdiction of the forum having jurisdiction over their disputes under this clause. Except as otherwise provided in this Bill of Lading, the laws of the State of New York shall apply.

(21) GENERAL AVERAGE:

- 21.1 General Average shall be adjusted at New York, or any other port at Carrier's option, according to the York-Antwerp Rules of 1994. The General Average statement shall be prepared by adjusters appointed by Carrier.**
- 21.2 In the event of accident, damage, danger or disaster after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for the consequence of which Carrier and its Sub-Contractors, servants and agents are not responsible by statute, contract or otherwise, Merchant shall contribute in General Average to the payment of any sacrifice, loss or expense of a General Average nature that may be made or incurred, and shall pay salvage or special charges incurred in respect of the goods. If a salving vessel is owned or operated by Carrier, salvage shall be paid for as fully as if the salving vessel or vessels belonged to strangers.**
- 21.3 Merchant has a duty to defend, indemnify and hold harmless Carrier, its SubContractors, servants or agents in respect of any claim (and any expense arising therefrom) of a General Average which may be made against Carrier**

and/or any of its Sub-Contractors, servants or agents. Merchant agrees to pay any and all sums or securities assessed by the General Average adjuster for payments on account.

- 21.4 Neither Carrier nor its Sub-Contractors, servants or agents are under any obligations to take any steps whatsoever to post security for General Average or to collect security for General Average contributions due from the Merchant. Notwithstanding the foregoing, Carrier is authorized at its discretion to act on behalf of the Goods in any salvage proceeding at the sole expense of Merchant, unless Merchant arranges for separate representation.

(22) **BOTH-TO-BLAME COLLISION CLAUSE:**

If the ship comes into collision with another vessel as a result of negligence of the other vessel and any negligence or fault on the part of Carrier or its servants or Subcontractors, Merchant shall indemnify Carrier against all loss or liability to the other or non-carrying vessel or her owners, insofar as such loss or liability represents loss of, or damage to, or any claim whatsoever of Merchant paid or payable by the other or non-carrying vessel or her owners to Merchant and set-off, recouped or recovered by the other or non-carrying vessel or her owners as part of their claim against the carrying ship or her owner. This provision shall apply as well where the owners, operators or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault with respect to a collision or contact.

(23) **FORCE MAJEURE:**

Carrier shall not be liable for losses, damages, delays, wrongful or missed deliveries or nonperformance, in whole or in part, of its responsibilities under the Bill of Lading, resulting from circumstances beyond the control of either Carrier or its sub-contractors, servants or agents, including but not limited to:

- (i) acts of God, including flood, earthquake, tornado, storm, hurricane, power failure, epidemic or other severe health crisis, or other natural disaster;
- (ii) war, hijacking, robbery, theft or terrorist activities;
- (iii) incidents or deteriorations to means of transportation,
- (iv) embargoes,
- (v) civil commotions or riots,
- (vi) defects, nature or inherent vice of the goods;
- (vii) acts, breaches of contract or omissions by Shipper, Consignee or anyone else who may have an interest in the shipment,
- (viii) acts by any government or any agency or subdivision thereof,

including denial or cancellation of any import/export or other necessary license; or (ix) strikes, lockouts or other labor conflicts.

(24) CARRIERS' TARIFFS:

The goods carried under this Bill of Lading are also subject to all the terms and conditions of tariff(s) published pursuant to the regulations of the United States Federal Maritime Commission ("FMC") or any other regulatory agency which governs a particular portion of the Carriage and the terms are incorporated herein as part of the terms and conditions of this Bill of Lading. Copies of Carriers' tariffs may be obtained from Carrier or its agents or from Carriers' website, the address of which is set forth on the FMC's website at www.fmc.gov. In the case of inconsistency between this Bill of Lading and any applicable Tariff, this Bill of lading shall prevail. Carrier may enter into Negotiated Rate Arrangements with Merchant in lieu of publishing the applicable rates and charges for services provided in its rate tariff.

(25) PERISHABLE CARGO:

- 25.1 Goods of a perishable nature shall be carried in ordinary containers without special protection, services or other measures unless there is noted on the reverse side of this Bill of Lading that the goods will be carried in a refrigerated, heated, electrically ventilated or otherwise specially equipped container or are to receive special attention in any way. Carrier shall not be liable for any loss of or damage to goods in a special hold or container arising from latent defects, breakdown, or stoppage of the refrigeration, ventilation or heating machinery, insulation, ship's plant, or other such apparatus of the vessel or container, provided that Carrier shall before or at the beginning of the transport exercise due diligence to maintain the special hold or container in an efficient state.**
- 25.2 Merchant undertakes not to tender for transportation any goods that require refrigeration without given written notice of their nature and the required temperature setting of the thermostatic controls before receipt of the goods by Carrier. In case of refrigerated containers packed by or on behalf of Merchant, Merchant warrants that the goods have been properly stowed in the container and that the thermostatic controls have been adequately set before receipt of the goods by Carrier.**
- 25.3 Merchant's attention is drawn to the fact that refrigerated containers are not designed to freeze down cargo which has not been presented for stuffing at or below its designated carrying temperature. Carrier**

shall not be responsible for the consequences of cargo tendered at a higher temperature than that required for the transportation.

25.4 If the above requirements are not complied with, Carrier shall not be liable for any loss of or damage to the goods whatsoever.

(26) **SEVERABILITY:**

The terms of this Bill of Lading shall be severable, and, if any part or term hereof shall be held invalid, such holding shall not affect the validity or enforceability of any other part or term hereof.

(27) **VARIATION OF THE CONTRACT:**

This contract supersedes all prior agreement between the parties with respect to its subject matter.

No servant or agent of Carrier shall have power to waive or vary any of the terms hereof unless such variation is in writing and is specifically authorized or ratified in writing by Carrier.

© Approved by the National Customs Brokers and Forwarders Association of America, Inc. September 2011 (Revised 12/05/2023) / Adopted by Carrier with effective date of 1/2/2024.

Should there be any conflict between the Terms and Conditions of carrier's House Bill of Lading and this Rules Tariff, it is hereby concluded that the terms of the carrier's House Bill of Lading are paramount.
